

How To Use This Unit Pages 19-26

Wild West Subtraction

Use this rootin'-tootin' collection of reproducible activities to strengthen your youngsters' subtraction skills!

Materials Needed For Each Pair

- 1 copy of the gameboard on page 19
- 1 copy of the subtraction facts on this page
- 2 game markers
- scissors

How To Use Page 19

"Take-Away Trail"

1. Use this partner game to reinforce subtraction facts to 18.
2. Pair students and provide each pair with the materials listed on this page.
3. To make playing cards for the game, have each pair cut apart its subtraction facts along the bold lines.
4. Read aloud the playing directions on the gameboard. While student pairs play the game, provide assistance as needed.

Subtraction Facts

Use with "Take-Away Trail" on page 19 and "Extension Activity" on page 24.
